While she loves showing off her hot toned body, she has trouble reading, so going to school is far from an easy task. When her teacher notices her inability to concentrate, it's clear that she needs help. Brooklyn agrees to undergo a series of tests to determine what's wrong with her, but there's one condition: she needs a tutor who she feels safe around! She ends up with the expert of tutoring,

Tate, who has his own agenda: he needs help in his own seedy romantic life. But even though he's a little older and a little rougher around the edges than Brooklyn's supposed to be with, they soon become good friends, and Brooklyn gets the help she needs. At the very least, they get to talk a bit more about each other's problems...and they get to enjoy some of the hot teacher-student action that has gotten Brooklyn in the habit of loving that kind of thing! So they set to work in their own separate careers as porn stars. Who said God doesn't work in mysterious ways? be very angry. "I love you, Caitlin," her mother tells her, as she walks down the hallway toward her, still in her nightgown and slippers. In an instant, the doorknob behind her twists, the door opens, and a man inside rips off her nightgown and binds her hands behind her. She is thrown into a black van, where she is taken to a facility to be exploited. She is about to have her first sexual experience. In this fantasy, she is still a virgin and real but not real. She
