They have the lowest cost/dollar ratio of any retailer I've ever gone to. My phone sucks as a phone. It's using Android 2.2 on the MID version. I should be smart and upgrade to a 2.3 or such now that 2.2 isn't supported. But alas, I'm too cheap. Well, at least I have it for work. I'm currently trying to figure out a phone/rooted system to get around the disabled browser on 2.2. I could go the Twitter route and just use wi-fi. I'd have to upgrade the mobile browser on my phone to support it then use that instead of the computer's browser (which is already Firefox Mobile).High-level performance high-performance parallel computer to assess metabolic pathways of a gram-negative pathogen, *Pseudomonas aeruginosa*.
